

1ST SUMMIT BANK's TELEBANC System is Getting a Makeover.

The new enhancements to TELEBANC will be available late April or early May. You will have the option to speak your request by pressing 8*, in addition to using your telephone keypad.

Our menu options have changed to make navigating easier and provide some new features. You will continue to use your same PIN.

Here is an overview of our new TELEBANC menu. The system will automatically wait for you to press the keypad for your menu choice unless you press 8* for voice recognition.

Say or press 1- Account or loan balance

Say or press 2- Account history

Say or press 3- Transfer funds or make a loan payment

Say or press 4- Interest rates

Say or press 5- Change your PIN (Personal Identification Number)
